Philosophy

Art Spectrum® has over 50 years experience in traditional colour manufacturing of fine art materials in Australia. Founded in Melbourne by David Keys Snr, an artist and RMIT lecturer, Art Spectrum® has grown to be the leading independent Fine Art brand in Australia manufacturing Oil Colours, Watercolours, Gouache, Pastels, Inks, Primers, Mediums, Varnishes and Solvents. We are renowned for our unique Australian colours and our traditional European methods. Art Spectrum® also has a comprehensive range of supporting products that compliment any artists' requirements which include the world's first pastel surface paper Colourfix™, canvas and stretcher bars, papers and pads, brushes, painting and palette knives.

It originated as a co-op run by a group of local painters who sourced knowledge and machinery required to produce materials that would meet the needs of the local art community. Before Art Spectrum®, local artists who wanted quality materials were dependent on expensive imported products, or on making do with inferior substitutes.

Art Spectrum® is 100% Australian made and family owned with the strong artistic philosophy carried on by David's son, David.

**“Art gives
feeling & meaning
to the whole of life...
Decisions are made firstly for
art & then for commerce.”**

David Keys

Art Spectrum® Series 950 Stiff Synthetic Brush

This new acrylic brush series is the consequence further development of our popular synthetic acrylic brush series. We now have the latest insights regarding synthetic fiber development and mixing. Due to the extra strong material, a special synthetic fibre mix, this interlocked artist brush is perfectly suitable for large surfaces and pastose media. The tough brush doesn't spread even if pressure is carried out on the surface, enables precise work and stays in its original shape after intensive use. The brush stroke and the elasticity are similar to those of natural bristles. The fibres don't break and are easy to clean. Available in Rounds, Flats, Filberts and Brights. Suitable for oils, acrylics and water media.

Art Spectrum® Series 1500 Synthetic Blend

Interlocked synthetic blend. Long, polished, deep burgundy handle. The Brights are firm, soft feel brushes. Ideal for oils and acrylics. Excellent for cutting back or lifting to create a sharp line or area on dry watercolour. The greater versatility of the round brush makes it ideal for oils, impasto and acrylic work but it can be used for all water based media. Available in Rounds, Filberts and Brights.

Art Spectrum® Aqua Brushes

The Art Spectrum® Aqua Brush is a refillable multipurpose brush that can be used with inks and most water soluble colours or water for watercolour blending effects.

The Aqua Brush has a flexible nylon tip that holds its shape to a consistent point and will not fray like natural hair brushes. The fine tip of the brush can be used for detailed work while the flat tips are perfect for broader strokes or larger washes of colour.

Aqua Brushes offer the convenience of a normal brush with a built-in water/colour supply.

Art Spectrum® Wolff's Carbon Pencils

Wolff's Carbon Pencils combine the advantages of graphite (sharp lines and easy sharpening) and charcoal (rich black lines and compatibility with other media). They apply smoothly leaving rich matt black lines. Precise line drawing and blending are effortless because Wolff's Carbon Pencils are consistent and void of hard spots. They also aquarelle superbly.

Krystal Seal Bags

Self-sealing art, print and photo bags. In the past protecting your art was a time consuming and cumbersome project. Now all you have to do is slip your art into these bags and fold over the flap which has a re-sealable adhesive strip. In seconds your art is placed in a safe environment and can be stored in a storage box, flat file, portfolio or print rack. A range of popular sizes available: 4 x 6", 5 x 7", 9 x 12" (A4), 11 x 14", 13 x 19" (A3), 16 x 20", 18 x 24" (A2) and 22 x 30" (full sheet watercolour). All Krystal Seal bags come in hang-sell packs of 25.

Magnart™ Display Stand

Don't hang it, pin it or stick it - Magnart™ it!

Australian designed Magnart™ is a removable, reusable magnetic display system. It is strong, good looking, and doesn't damage the artwork or the surface on which it is attached.

Please note that, due to circumstances beyond our control, Magnart prices and packaging are valid for current stock only. Worldwide uncertainty of supply and increases in magnet prices means that future supplies could incur significant changes to pricing and packaging configurations. We apologise for any inconvenience.
